**WARNUNG – AVERTISSEMENT – AVVERTENZA – WARNING**

- Bei beschädigtem Schutzglas besteht Gefahr eines Stromschlags wegen berührbarer stromführender Teile. Die Leuchte darf nicht ohne oder mit defekter Schutzscheibe betrieben werden. Zerbrochenes Schutzglas unverzüglich ersetzen.
- Lorsque le verre de protection est endommagé, il y a risque de choc électrique par les pièces sous tension accessibles. Le luminaire ne doit pas être utilisé sans verre de protection ou avec un verre de protection défectueux. Remplacer immédiatement le verre de protection cassé.
- Se il vetro protettivo è danneggiato, esiste il rischio di una scossa elettrica a causa della presenza di parti sotto pressione che possono essere toccate. L'apparecchio di illuminazione non può essere messo in esercizio senza il vetro protettivo o con il vetro protettivo danneggiato. Sostituire immediatamente il vetro protettivo danneggiato.
- Risk of injury from electric shock in the case of damaged cover glass when live parts become accessible. In the case of a missing or defective cover glass the luminaire must not be put into operation. Replace the broken cover glass immediately.

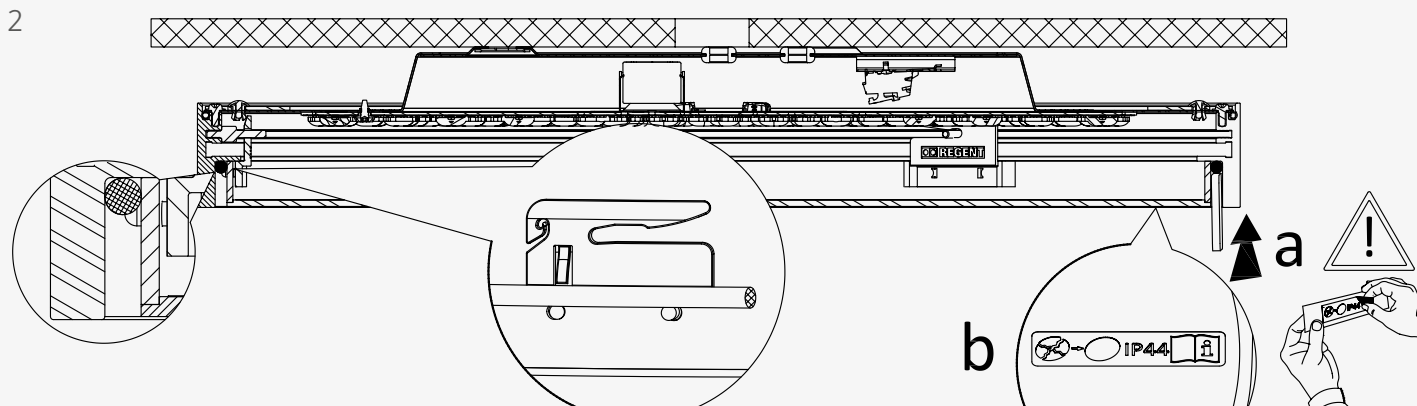

**IP44**

- Schutz gegen Eindringen von festen Fremdkörpern über Ø 1 mm und Schutz gegen allseitiges Spritzwasser.
- Protection contre la pénétration de corps solides étrangers de plus de 1 mm de diamètre et protection contre les projections d'eau de toutes directions.
- Protezione contro l'infiltrazione di corpi estranei solidi > Ø 1 mm e protezione dagli spruzzi d'acqua provenienti da qualsiasi direzione.
- Protection against ingress of solid foreign bodies above Ø 1 mm and protection against splashing water from all directions.
